## A focus on preventive care

Our comprehensive plans provide more opportunities for preventive wellness, delivering higher quality and better outcomes for patients. In fact, we spend over \$500M annually on preventive care for our members!

Proactive closure of gaps in care

Incentives for health and wellness

Coordinated care and support

Annual in-home appointments

Integrated clinical and wellness programs

Provider collaboration and incentives

## Committed to quality

Our programs and performance have helped us maintain our ratings so that 100% of our Group Medicare Advantage (PPO) members are in 4 Star plans in 2025. A Medicare plan’s Star Rating is important because it demonstrates a plan’s commitment to quality care and service for its members. A 4 or better Star Rating helps ensure your retirees have access to a health plan designed for better health outcomes and member satisfaction.
